

Regulation on the use of bathing and recreational facilities

Dear Guests, we welcome you to the bathing and recreational facilities provided by the State of Upper Austria and take this opportunity to request your compliance with the regulations for their use. The regulations apply to this recreational area and establish the guidelines for ensuring the hygiene, safety, rest and relaxation of our visitors. Complying with this regulation is therefore in the interest of all guests.

The facility operator is not obliged to monitor the facility. However, instructions issued by any supervisory authorities at the facility must be complied with.
